

2009 Lake Forest Boys' Golf Team

Player Profile

Name: I. Mankoff

Birthdate: April 18, 1995

Year in School: Freshman

Middle School: Deerpath

My favorite subject is history.

My favorite golfer is Tiger because he is the best under pressure.

My proudest golf accomplishment so far winning the 2009 FCWT National Championship.

The best course that I have played is Torrey Pines South Course.

My most memorable golf round was as a member of the Midwest team at the World Youth Team Challenge. In one of my nine hole matches I was able to pull out the win against the defending champs winning one up with a score of five under par.

The best advice I have ever received was from Fred Couples “Golf is not a race it’s a marathon, you don’t need to be the best now be the best later.”

The best part of my golf game is the ability to scramble.

In the future I hope to continue to improve my game to provide me the opportunity to play professional golf.

When I am not playing golf I am with my friends.

As a member of the LFHS golf team I hope to help the team win a State Championship.
