

### ENHANCED ACADEMIC SPACES

- Provides additional and renovated academic spaces for Lake Forest High School to remain competitive with other high performing schools (i.e.: new and renovated classrooms, an updated and expanded library/media center, and an expanded student multi-purpose commons area).
- Meets current and projected enrollment needs
- Implements technology improvements and allows greater student access to technology

### IMPROVED SAFETY AND SECURITY

- Addresses emergency response (Police and Fire), safety and security, and life safety issues, improving hallway traffic flow, sight lines and handicapped accessibility.
- Improved neighborhood traffic management and security by relocation of student parking

### COMMUNITY

- Extended community use of the library/media center and multi-purpose commons
- Maintains traditional appearance
- Preserves front lawn
