

## **LFHS Students Making a Difference in the Summer of 2011**

From June through the middle of August, twice a week, approximately 20-25 LFHS students volunteered at the Holy Family Food Pantry in Waukegan. They helped with the Pantry's free lunch program for children under the age of 18. Our students helped almost 180 students at

each session with lunch supervision, crafts, games and helping with the outdoor gardens. Over the course this program more than 2,400 meals were served. Holy Family's director commented that the success of this summer program was dependent upon the high school's student volunteers and plans are underway to continue this service opportunity for our students next summer.
